April 2022

1 What do I want to learn or understand better?

A:

I want to better understand our project structure.

B:

The project structure gives a clear picture of where to best spend workload.

A \rightarrow B:

Overhaul the project structure such that it is clear.

2 How can I help someone else, or the entire team, to learn something new?

A:

By working together with a team member we assist each other in learning new things.

B:

Learning should be part of the process.

A \rightarrow B:

Take on user stories that make you learn something.

3 What is my contribution towards the team's use of Scrum?

A:

I am currently Scrum master.

B:

I should encourage Scrum to such an extent that is naturally part of the process

A → B:

Start discussions regarding the usage of Scrum.

4 What is my contribution towards the team's deliveries?

A:

I have finished one of two currently assigned user stories.

B:

I should finish every user story I assign myself to.

A \rightarrow B:

Get a better understanding of my the user story resource cost.
