Personal reflection week: 7

Simon Johnsson

May 2022

1 What do I want to learn or understand better?

A:

I want to learn React Hooks so that I feel more comfortable using them.

B:

I should view React Hooks as a tool rather than an obstacle.

A → B:

Work on a user story using React Hooks next week.

2 How can I help someone else, or the entire team, to learn something new?

A:

Currently I contribute with my own knowledge and provide the opportunity for others to learn from me.

B:

I should share when I learn something knew that might benefit someone else.

A → B:

Learn new things to share.

3   What is my contribution towards the team's use of Scrum?

A:

I use the process we have agreed upon and use it to further the usage of Scrum. I try to value my user stories such that I might complete them within the given sprint.

B:

I should use Scrum as a natural part of the process without having to reflect upon if I use it or not.

A → B:

Make every part of Scrum fit into my work flow.

4 What is my contribution towards the team's deliveries?

A:

I complete my assigned user stories and make sure that I am available to assist the team when they are complete.

B:

Keep up an evenly divided work distribution between the team such that every contribution is equal.

A → B:

Communicate consequently before, during and after the sprint in a beneficial way that improves everyone's deliveries.
